

Determining Volume

Explain

3-D Figures Foldable

Directions: Cut out the foldable below along the solid black lines. Fold along the dashed lines. Complete the foldable by sketching figures and recording an example for calculating the volume of each. Write the formula for finding the volume on the front flap for each shape.

<p>Cylinder</p>	<p>Sketch:</p>	<p>Example:</p>
<p>Cone</p>	<p>Sketch:</p>	<p>Example:</p>
<p>Sphere</p>	<p>Sketch:</p>	<p>Example:</p>
