

Name _____ Date _____

Measuring Area

Explain – Answer Key

Materials:

- 2 dice per pair of students
- Color tiles
- Explain Activity sheet

Procedure:

1. Player 1 rolls the 2 dice and builds a rectangle with those dimensions or “name.”
2. Draw the rectangle on the recording sheet.
3. Label the area.
4. Player 2 repeats steps 1-3
5. Play continues for at least 3 rounds.

Independent Practice:

1. Students complete the rest of the activity sheet.
